

Apricus Solar Retrofit Kit

ETC Collectors

The Apricus Retrofit Kit is intended to make converting your Solar Ready Tank (SRT) to a solar hot water system easy.

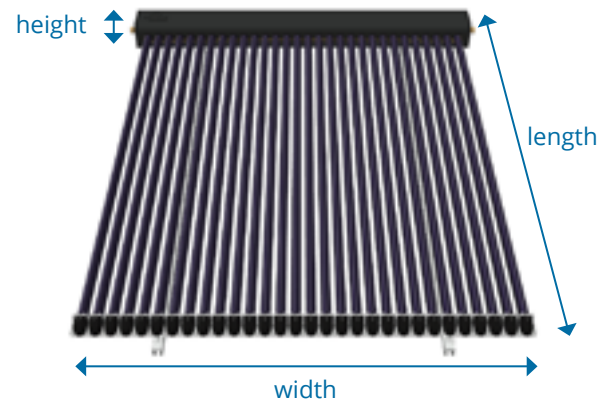

Add an Apricus Solar Retrofit Kit to your SRT within 60 days and you will be eligible for STC rebates.¹ The Apricus Solar Retrofit Kit includes an Apricus solar collector that has high efficiency twin-glass evacuated tubes to absorb solar energy and convert it into useable heat. Freeze protected heat pipes transfer heat from within the evacuated tube up to an insulated copper header pipe through which a heat transfer liquid is circulated. Suitable for domestic or commercial applications, Apricus solar collectors maintain strong efficiency levels even in high temperatures and in cold climates.

Features and Benefits

- Designed for Australian conditions
- Add this retrofit kit to an existing SRT within 60 days of tank installation and claim rebates¹
- 15 year warranty on solar collectors²

Inclusions of the Apricus Retrofit Kit

QUANTITIES	22T	30T	44T
Evacuated Tubes and Heat pipes	22	30	44
Apricus Pump Station Kit	1	1	1
Manifold	1	1	1
Flush mount frame	1	1	1

Dimensions

MEASUREMENTS (mm)	22T	30T	44T
Number of Collectors	1	1	2
Height (mm) [#]	136	136	136
Width per Collector (mm)	1636	2196	1636
Length per Collector (mm)	2005	2005	2005

Specifications

MEASUREMENTS	22T	30T	44T
MODEL NUMBER	ARET-22	ARET-30	ARET-44
Collector Dry Weight (kg) [^]	71.3	95	142.6
Collector Fluid Capacity (mL)	600	790	1200
Collector Peak Power (W)	1477	2014	2954
Collector Minimum Operating Temperature with frost protection (°C)		-15 °C	
Collector Maximum Operating Pressure (kPa)		800	
Collector Warranty Period		15 years	
Frame Minimum Pitch		20°	
Frame Maximum Pitch		Latitude +/- 10°	

1 To be eligible to create STCs you must install a complete new solar water heater system listed in the CER Register of Solar Water Heaters and the complete system must be installed within 60 days.

2 See Apricus warranty policy for full details.

[#] Note: Height does not include mounting frame.

[^] Note: Dry weight is not inclusive of aluminium ETC frame weight.
